A Pocket Full of Promise

It is all about the location and scope of opportunity this cottage provides. Enjoy as is or perfect as a renovator, the house is perched on the high side of the street with a north facing backyard in an outstanding family neighbourhood. Walk to Milton State school, a much loved park and coffee shop on the corner of your street, a location does not get more convenient.

The house began as a modest 1930s home and enjoys pretty period detail from that time; with pine floors, frosted French doors, ornate plaster ceilings, and a window box in the master.

Enjoy backyard barbeques from the rear roofed patio while watching the kids have lots of fun on the terraced gardens.

Perfect to live in, rent out, or renovate; a wide scope available to the next owner.
